# MEMO

To: Ad Hoc Beautification Committee  
Re: Requirements for mail boxes  
Date: 31 July 2009

Per our postal carrier, Sharon, on July 30, 2009:

Mailboxes should be installed 41" – 45" up from the surface of road to the inside bottom of the mailbox.

Mailboxes should be placed 6" – 8" from the edge of the roadway.

Numbering on mailboxes must be at least 1" high.
